Event Report : 2nd Town Hall Meeting

Regarding : General Average and Cargo Release Process(Malaysia Star V-93)

Date : 20<sup>th</sup> MAR 2025

Following the Town Hall Meeting on March 5, we held a 2nd meeting with shippers and cargo owners in Kuala Lumpur. The meeting covered the topics from the previous session to ensure clearer understandings of the settlement, including an explanation of General Average (GA) and the process for cargo release/re-export with Q&A sessions.

Additionally, we provided updates on recent illegal robbery for cargo removal carried out by a specific group, as well as an overview of our legal response, which was outlined in our press release.

Given the limited and tightened space in the port storage areas, we are making every effort to settle on the situation as quickly as possible. We also urged participants to promptly settle the GA contributions.
